

# 2023-01-03

## Highlights in this release

---

### Bug fix: Impossible to delete People filters (KERNEL-1641)

People filters can be really useful, but being unable to delete was a nuisance. Now solved.

### GraphQL: Additional project filters (KERNEL-1554 )

Filtering projects on Project manager using graphql is now possible.

### GraphQL - create and update media on part (KERNEL-1615)

It's now possible to create new parts on existing projects and attach media to that part.
