

2025-01-14

Highlights in this release

Plint Subtiter: Monitor - Show subtitles with box

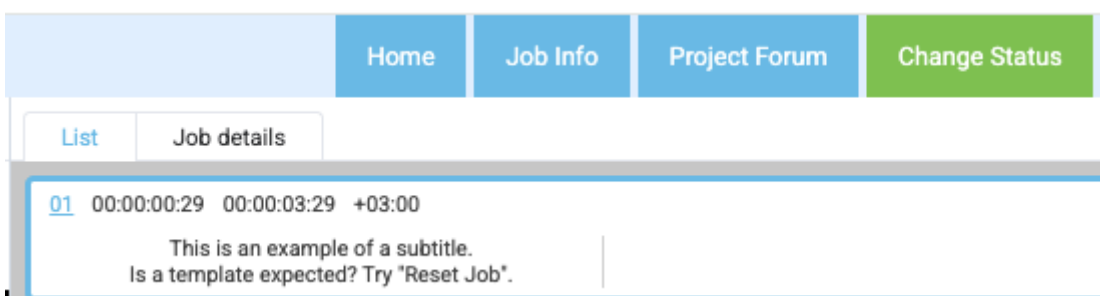

You can now show a box with customisable transparency behind the subtitles in Subtiter, making the text easier to read against noisy backgrounds and burnt-in text. Just click the Monitor settings icon.

Small but great additions

Project forum: accessible from Plint Subtiter

For easy access to the Project forum, just click the new button in the top bar'

Report Tool Preset ID in job details

Now, you can easily see the ID of the report tool preset in Plint Subtitler

List Job details

Project: Media upload rule
Job: Verify media
Status: In process
Part: 2
Part label: 2001 3:32
Report tool preset #: 1

Report tool preset - Show client keyword and client company in preset list

As a complement to the above, it's also easier to see which report presets are used where by checking the list under Tools & Data

#	Preset name	Client keywords	Client company	
1	Default (Standard Preset)			
3	Common preset rule	Acme Inc.	Text translation	
4	Intersect subtitle preset rule	The Client Company		

Fixes

- Unassigned automated jobs reported as Done by PM
 - This small nuisance had some unwanted consequences, not the least being the fact that the project manager missed some important notifications. Now, unassigned jobs are linked to the "System user"
- File categories for File upload jobs not added from joblist template
 - You can now specify required File categories for File upload jobs in a joblist template and have them included with the created jobs.
- Missing strings and connection profile when batch editing Auto delivery jobs
 - When batch editing Auto delivery and Auto upload jobs, you can now change the Connection profile
- No warning when exceeding max unitPrice for price specifications
 - The max unit price for price specifications is 999,999. You now get a warning when exceeding it.

Revision #4
